Cleaning Magnets

The Piranha Float Plus

The new "Plus Series" has a detachable and replaceable scraper blade for glass (stainless steel) or acrylic (plastic) aquariums and will make algae cleaning quick and easy. With its large 4" x 2" cleaning area and extra strong magnets it will zip through the toughest of algae. Its floating inner assembly will float to the surface if disengaged for easy retrieval.

Glass and acrylic aquariums 1/4" and 3/8" thick
Glass aquariums holding 30 to 125 gallons
Acrylic aquariums 36" long and 20" high

Contents: One outer wood piece, one inner floating scrubber with velcro, one plastic scraper blade for acrylic, one stainless steel scraper blade for glass aquariums, one white acrylic-safe cleaning pad and direction card.

The Hammerhead Float Plus

The new "Plus Series" has a detachable and replaceable scraper blade for glass (stainless steel) or acrylic (plastic) aquariums and will make algae cleaning quick and easy. With its large 4" x 2" cleaning area and extra strong magnets it will zip through the toughest of algae. Its floating inner assembly will float to the surface if disengaged for easy retrieval.

Glass and acrylic aquariums 1/2" and 5/8" thick
Glass aquariums holding 110 to 200 gallons
Acrylic aquariums 48" long and 30" high

Contents: One outer wood piece, one inner floating scrubber with velcro, one plastic scraper blade for acrylic, one stainless steel scraper blade for glass aquariums, one white acrylic-safe cleaning pad and direction card.

The Tiger Shark Float Plus

The new "Plus Series" has a detachable and replaceable scraper blade for glass (stainless steel) or acrylic (plasic) aquariums and will make algae cleaning quick and easy. With its large 4" x 2" cleaning area and extra strong magnets it will zip through the toughest of algae. Its floating inner assembly will float to the surface if disengaged for easy retrieval.

Glass and acrylic aquariums 5/8" and 3/4" thick
Glass aquariums holding 200 to 350 gallons
Acrylic aquariums 72" long and 36" high; 96" long and 30" high, or 120" long and 24" high

Contents: One outer wood piece, one inner floating scrubber with velcro, one plastic scraper blade for acrylic, one stainless steel scraper blade for glass aquariums, one white acrylic-safe cleaning pad and direction card.

The Great White Plus (Non-Floating)

Run! Algae! Run!
This is one powerful algae cleaning magnet.
It has the same cleaning area as the Tiger Shark Float Plus but is much stronger. Includes a replaceable scraper for glass or acrylic aquariums making algae cleaning quick and easy.

Glass and acrylic aquariums 3/4" and 1" thick
Glass aquariums holding 300 to 600 gallons
Acrylic aquariums up to 96" long and 36" high

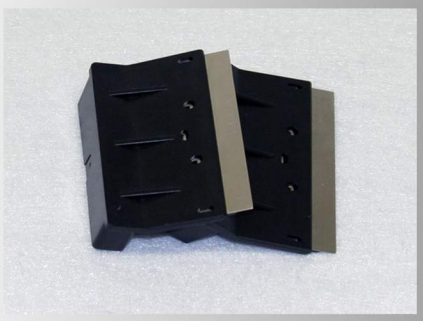
Contents: One outer wood piece, one inner scrubber with velcro, one plastic scraper blade for acrylic, one stainless steel scraper blade for glass aquariums, one white acrylic-safe cleaning pad and direction card.

Upgrade Kit and Replacement Blades for Float Plus Cleaners

Scraper Upgrade Kit

The scraper upgrade kit is for all Piranha, Hammerhead and Tiger Shark cleaning magnets. It converts them to the Float Plus cleaners with the replaceable scraper blades for glass and acrylic.

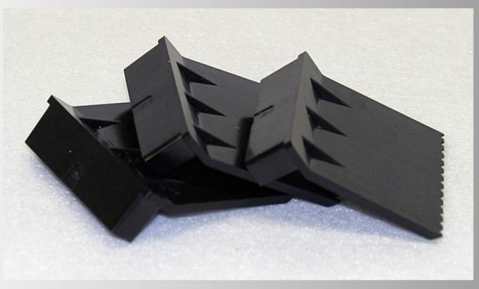
Each kit includes:
1 interior magnet assembly with Velcro
1 acrylic-safe pad
1 black plastic scraper blade for acrylic aquariums
1 stainless steel scraper for glass aquariums



Stainless Steel Blades

The stainless steel replacement blades for all Algae Free Plus cleaners are made of high quality 316 stainless steel, which is highly corrosion-resistant.

Stainless steel blades are sold in packs of two and are for glass aquariums only.



Acrylic-Safe Blades

The acrylic-safe blades for all Algae Free Plus cleaners are to be used in conjuntion with the acrylic-safe cleaning pad that came with your Algae Free cleaner. These blades will help with the removal of hard algae that builds up on an acrylic surface.

Acrylic-safe blades are sold in packs of three and are for acrylic aquariums only.

Replacement Pad Kits for Glass and Acrylic

Glass Replacement Kit (small)

For all Piranha Float and Hammerhead Float cleaners

Each glass replacement pad kit contains:

(1) Self-adhesive, non-toxic Velcro pad for inner assembly
